

CONSCIOUS II project newsletter #2

CONSCIOUS II project progress

The CONSCIOUS II project is at the end of its first third and all the consortium partners are working hard on preparing and finalizing all the proposed project results. The PhD students and early-career researchers can look forward to a comprehensive practice-based and practice-oriented curriculum accompanied by hands-on activities and applied tasks.

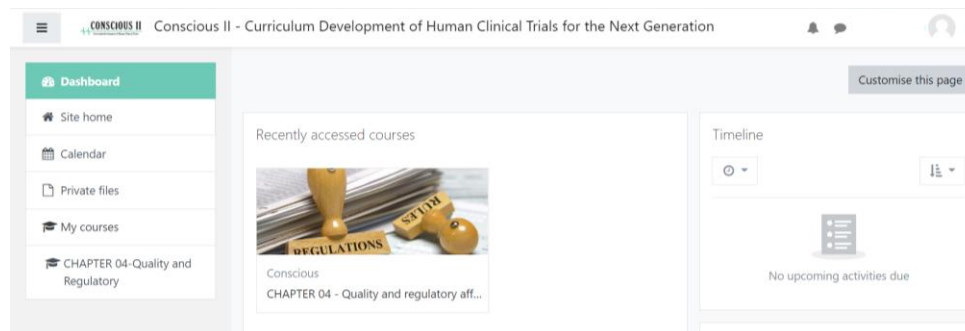

What has been finished so far and can be freely accessed?

- [Outlines](#) of most chapters that provide an overview of the content.
- [First comprehensive chapters](#) on Clinical Trial Design, Quality and Regulatory Affairs and Sources of Regulatory Information, and Early Phase Trials.
- [Teaser videos](#) introducing the entire project and each chapter.

- [A leaflet](#) providing clear and comprehensive information on the project, its continuity and applicability.

- An [online platform](#) for all the project materials once finished to use in a self-study, traditional classes, blended classroom, or in the collaborative online international pilot lessons planned in 2023/24.

Events, news:

[An "afterholiday meeting "was held on September 15, 2022](#)

The implementation of the CONSCIOUS II project continued during the summer as well. To support the progress of all project activities and successful implementation, we organized an "after-holiday" meeting on *September 15, 2022*.

[A letter-to-the-editor on projects CONSCIOUS and CONSCIOUS II was published in EJCP](#)

The members of the CONSCIOUS consortium prepared a comprehensive letter to the editor on the outputs of the ERASMUS+ CONSCIOUS and ERASMUS+ CONSCIOUS II projects with the aim of the broader promotion of the open-online undergraduate and postgraduate curriculum and the planned international pilot training among potential users. The publication highlights the need for competent professionals on the one hand and the lack of opportunities for their training on the other. The letter is published [here](https://doi.org/10.1007/s00228-022-03426-8) (https://doi.org/10.1007/s00228-022-03426-8).

[The CONSCIOUS II consortium partners met online at the 3rd Transnational Project Meeting](#)

The TPM3 was arranged online on *November 14 and 15, 2022*. Partners presented how they are proceeding with the project activities, discussed questions on the format and content of the chapters, arrangement and functionality of the interactive elements at the training platform, and, last but not least, general issues of sustainability and dissemination of all project results. The project is now at the end of the first third, so naturally, many chapters are in the intensive works. Another crucial topic was the agenda of the upcoming **Multiplier event in France in May 2023**.

[Advisory Board members discussed the CONSCIOUS II project's further development and dissemination](#)

The 2nd meeting of the CONSCIOUS II Advisory Board was held on *November 23, 2022*. It was a very fruitful meeting where many ideas were presented for promoting and presenting the project and its individual outputs at national and supranational levels.

[ERASMUS+ CONSCIOUS II project presented at the Grant Office breakfast at Masaryk University](#)

CONSCIOUS II project leaders accepted an invitation to the 5th grant-office team breakfast with researchers at the Faculty of Medicine at Masaryk University entitled "Erasmus+: more than just mobility!" on *November 29, 2022*.

The CONSCIOUS II project was presented as an example of a successful project implemented at Masaryk University.

Upcoming events and activities in the CONSCIOUS II project:

- **Multiplier event in May 2023 in Paris** and Transnational Project Meeting 4;
- preparing outlines for the last chapters of the curriculum: *Pharmacovigilance and study medication, and Medical Devices*;
- finalizing all chapters of the curriculum except for *Pharmacovigilance and study medication, and Medical Devices*;
- interviews with authors of individual chapters;
- Advisory Board meeting;
- dissemination and promotion of the project at international conferences;
- establishing collaboration with national stakeholders in the area of academic clinical trials and applied research.
